

Education Open House

# All Things Evolution

Come get some great ideas for teaching evolution in faith-friendly ways and mingle with an expert in human evolution and public outreach from the Smithsonian!

**Dr. Rick Potts**  
Smithsonian  
with

**Dr. Jamie Jensen**  
**Dr. Seth Bybee**

**Professor Josh Stowers**  
Brigham Young University

Open House  
**November 17<sup>TH</sup>**  
**3:00–5:00pm**

**Who:** Any educator (science or religious) who wants to improve their teaching around evolution and incorporate faith-friendly strategies!

**What:** We will be providing a walk-through gallery of lesson ideas to teach principles of evolution, human evolution, how evolution and religion can be compatible, and more! There will be lesson demos, example visual aids with instructions on how to make your own, free lesson plan copies to take home, and experts standing by to explain and answer questions. PLUS, Dr. Rick Potts will be there to answer questions about the Smithsonian's Human Origins permanent and traveling exhibits on "What Does It Mean to be Human?"

**Where:** Monte L. Bean Life Science Museum Classroom, BYU (Free Parking)
